

Sponsor information

Una Test has accepted a place with Education Development Trust on the NPQ Senior Leadership programme starting in October 2022. You have been named as their sponsor on the programme.

It is essential that all applicants have appropriate support from their leadership team (or board of governors where applying for a leadership NPQ) when undertaking an NPQ. They will require sufficient time to participate in the programme and to carry out any related assignments or activities.

As a sponsor of Una Test, we ask that you sign and date this form, in order to confirm that:

- The leadership team/board of governors (as applicable) at your school fully supports (Applicants name) application to study an NPQ and understands the benefits to their current and future roles.
- Una Test will be given the time and support required to complete the NPQ, including time to attend any online or face to face sessions.

Please return this form within three working days to avoid any delay to Una Test starting the NPQ. If you have any queries, please contact us at NPQs@educationdevelopmenttrust.com.
